

moving toward 2020 — 40 years of service **you are invited**

*Halle Berry
& Jenesse Center, Inc.
invite you to*

Imagine *with us* **June 27th 2018**

In two years, Jenesse Center, Inc. will observe 40 years of service. It will be a significant milestone only made possible by the people, donors and partners who have walked the journey with us. Reflecting on our journey, that began in 1980 with five African American women (some themselves victims of domestic violence), we took a critical look at the evolution of services that Jenesse has provided over the years. Addressing the myriad needs of our clients with culturally sensitive and relevant programs and services has been our mission. Our honorees have not only responded to our call, but have proactively worked to move our mission forward. **Imagine** a world where everyone's dream of peace and safety at home, in relationships and in the workplace is a reality.
